

## DRUGS THAT HAVE QUANTITY LIMITS

**Gunderson Lutheran Health Plan (HMO-POS)** utilizes quantity limits for certain medications, and will only cover the medications listed below up to the specified amounts. Quantity limitations are placed on medications to ensure appropriate safeguards and utilization. You should contact us to ask us for a quantity limit exception. **When you are requesting a quantity limit exception you should submit a statement from your physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescribing physician's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get your prescribing physician's supporting statement.

**Your physician must submit a statement supporting your quantity limit exception request. In order to help us make a decision more quickly, you should include supporting medical information from your doctor when you submit your exception request.**

### What if I have additional questions?

You can call us at: 1-800-546-5677 (seven days a week, 24 hours a day) if you have any additional questions. If you have a hearing or speech impairment, please call us at TTY 1-866-706-4757.
